

Residential Development Workshop

Thursday, March 23, 2006 • 7:30 p.m.

Senior Center (located in the Falls Church City Community Center) • **223 Little Falls Street**

**Looking for a better understanding of the permits
and inspection process?**

**Concerned about the impact of new residential
development in your neighborhood?**

Looking to build an addition onto your house?

Then don't miss this opportunity to speak with City staff about the steps from submitting a plan to seeing its completion.

Gain a clear understanding about residential development as City staff walks through a hypothetical case study to demonstrate how building permits are reviewed and processed. Learn about City codes with respect to zoning, erosion and sediment control, grading, water quality, tree protection, and building codes. Offer feedback to staff on how codes or the process might be changed.

Staff will be set up at different stations to describe their part of the process and answer questions.

Questions? Please call 703-248-5040 (TTY 711).

The City of Falls Church is committed to the letter and spirit of the Americans with Disabilities act. To request a reasonable accommodation for any type of disability, call 703-248-5040 (TTY 711).
